

GT 21 W

#### Packaging data

Sales unit  
Shipping unit  
Packaging volume shipping package  
Gross Weight shipping unit  
EAN 4010056711597  
Article number 71159  
Customs tariff number 85437090

#### Technical data

Module input  
Interface  
Data protocol  
Communication protocol  
Syntax  
Maximum data input bitrate >800 Mbps  
using several MPTS signals  
Video processing

#### Title

GT 21 W

#### Short description

Tangram module IP to 6x PAL

#### Long text

The GT 21 W module is part of the Tangram product portfolio. The GT 21 W module allows you to add up to 6 services in PAL /SECAM format per module to your network. Tangram is a very high density and highly flexible solution for all kinds of networks. The WISI Tangram chassis uses a fully redundant concept (n+1, 1+1).

Gigabit Ethernet MPEG-TS to analogue PAL /SECAM Decoder

Up to 6 PAL channels on 2 RF outputs

MPEG-2 & MPEG-4 H.264 decoding (SD & HD)

Test ports for the output signal

Outstanding signal parameters by direct digital modulation  
& adapted output filter

User friendly configuration via standard web browser

Low power consumption

Temperature and Output level monitoring

UDP/RTP over IP protocol, auto-detected
